CORPORATE TRAINING • FRANCHISE OPERATIONS • BUSINESS DEVELOPMENT

PROFESSIONAL PROFILE

Corporate training and franchise operations professional with hands-on experience supporting 100+ franchise partners across Canada. Background in new restaurant openings, frontline coaching, operational audits, brand standards, stakeholder collaboration, and process improvement. Progressed from restaurant team member to front manager and corporate training specialist; complemented by postgraduate studies in Data Analytics for Business and a structured business development learning plan.

AREAS OF EXPERTISE

Franchise Partner Collaboration | Training & Onboarding | Operational Audits & Action Plans | Brand Standards & SOPs | New Store Openings | POS Rollouts | Stakeholder Relationships | Service Quality | Coaching & Change Adoption | Operational KPIs | Excel & Data Analysis

PROFESSIONAL EXPERIENCE

Corporate FOH Training Specialist (Under Business Development Plan) | May 2025 – October 2026

Stacked Pancake & Breakfast House | Canada

- Collaborated with 100+ franchise partners across Canada, store leaders, and corporate stakeholders to support training delivery, operational consistency, and team readiness.
- Led hands-on frontline onboarding and coaching during new store openings and support visits, covering steps of service, guest experience, POS workflows, and brand operating standards.
- Conducted operational audits and store observations; identified service and compliance gaps, documented findings, and recommended corrective actions for follow-up.
- Created and refined practical steps-of-service checklists, training guidance, and reference materials to improve consistency and team execution.
- Supported new POS system rollouts, coordinated with operations and technology teams, and helped teams adapt to new workflows and resolve implementation challenges.
- Coached new and experienced employees, supervisors, and store teams through high-volume service, operational disruptions, and real-time guest experience issues.
- Communicated frontline feedback, training priorities, and opportunities for operational and menu/process improvements to corporate leadership.
- Pursued a structured business development learning plan, including franchise KPI reviews, labour and food cost fundamentals, P&L exposure, and cross-functional shadowing.

Front Manager / Server / Host | 2023 – 2025

Stacked Pancake & Breakfast House | Amherstburg, Ontario

- Progressed through host, server, and front manager responsibilities, building experience in restaurant leadership, service operations, and guest relationships.
- Coordinated shifts, coached team members, resolved guest concerns, and reinforced brand standards and service procedures.

Shift Manager / Team Member | January 2024 – August 2024

KFC | Windsor, Ontario

- Supported shift operations, employee coordination, customer service, and compliance with established operating procedures.

SELECTED INITIATIVES & IMPACT

- New store openings: supported training and team readiness during restaurant launches, including operational problem-solving in challenging opening conditions.
- Operational audits: assessed service execution, host acknowledgement, guest engagement, and store-level standards; shared improvement recommendations.
- Training and systems: improved service checklists and supported adoption of updated POS/Auphan processes in restaurant environments.
- Business development learning: explored franchise performance measures, vendor compliance, food cost, labour percentage, and P&L fundamentals with corporate colleagues.
